Thermal Label Printer

HIGHLIGHTS AT A GLANCE:

- Large-capacity paper tray
- User-friendly functions
- No waste when printing the first page
- Double roller structure design
- Small footprint

DL-2210

The Dascom DL-2210 is a direct thermal wristband label printer featuring an elegant and stylish design. It is compact and does not take up much space. Equipped with dual sensors and dual rollers, it does not require manual positioning, ensuring accurate and smooth paper feeding. It comes with a standard Chinese LCD display, making maintenance simple and convenient. It is an ideal choice for printing hospital wristbands, test tube labels, retail labels, and wristbands for exhibitions and performances.
